## Personal Statement

I am a talented graphic designer and a naturally creative thinker. Goal and customer orientated, I have excellent communication skills and work well on my own or as part of a team. My focus is on creating sophisticated design that looks good and works hard. With over 20 years of industry experience you can be assured of strategic, top quality, through-the-line design services that are intuitive and capable, delivered with understanding and competence.

I look forward to holding a senior design position with allowance to apply my experience in creative and art direction.
